List of Tables (7)
List of Figures (8)

Chapter 1: Introduction
1.1 Background
1.2 Petroleum Products, Demand, Supply and Strategies
1.3 Objectives and Benefits
1.4 Review of Literature
1

Chapter 2: Methodology
2.1 Study Design and Conceptual Framework
2.2 Computer Programs
2.3 Statistical Methods
9

Chapter 3: Preliminary Data Analysis
3.1 Data Summaries of Petroleum Consumption Levels
3.2 Data Summaries of Petroleum Imports and Production Levels
3.3 Relation between Consumption and Imports and Production
20

Chapter 4: Time Series Analysis
4.1 The Consumption Data
4.2 The Imports and Production Data
4.3 Summaries of Consumption and Imports and Production Data
46

Chapter 5: Conclusion and Discussion
5.1 Conclusion
5.2 Discussion Limitations and Future Research
55

List of Figures

Figure                          Page

1.1 Components of energy consumption in Thailand in 1999
1.2 Demand and supply of petroleum products
3.1 Monthly consumption of petroleum products to Thailand, 1984-1999
3.2 Trend of monthly consumption of total petroleum products in Thailand, 1984-99
3.3 Monthly change versus level, for total petroleum consumption
3.4 Monthly change versus level, for log-transformed total petroleum consumption
3.5 Trend of monthly consumption of total petroleum to Thailand, 1984-1999 after transforming data by taking logarithms
3.6 Histograms and statistics of base 10 logarithm of consumption of main petroleum products
3.7 Scatterplot matrix showing relations between components of petroleum consumption
3.8 Time-series plot of the six main petroleum products in Thailand during 1984-1999
3.9 Graph of linear model fitted to petroleum consumption: 1984-1999
3.10 Graph of linear model fitted to petroleum consumption after adjusting for the type of fuel: 1984-1999
3.11 Box plots and confidence intervals for means of the six main types of petroleum consumption over months from 1984-1999
3.12 Comparison of petroleum consumption by type, adjusted for quarter
3.13 Monthly imports and production of petroleum products to Thailand, 1984-1999
3.14 Trend of monthly imports and production of total petroleum products in Thailand, 1984-1999
3.15 Monthly change versus level, for total petroleum imports and production

(8)
Figure

3.16 Monthly change versus level, for log-transformed total petroleum imports and production

3.17 Trend of monthly imports and production of total petroleum products to Thailand, 1984-1999 after transforming data by taking logarithms

3.18 Histograms and statistics of base 10 logarithms of imports and production totals of main petroleum products

3.19 Scatterplot matrix showing relations between components of petroleum imports and production totals

3.20 Time-series plot of the six main petroleum products in Thailand during 1984-1999

3.21 Graph of linear model fitted to petroleum supply: 1984-1999

3.22 Graph of linear model fitted to petroleum imports and production after adjusting for the type of fuel: 1984-1999

3.23 Hex plots and confidence intervals for means of the six main types of petroleum imports and production over months from 1984-1999

3.24 Comparison of petroleum imports and production by type, adjusted for quarter

3.25 Relations between monthly consumption and imports and production amounts for high speed diesel oil and fuel oil

3.26 Relations between monthly consumption and imports and production amounts for jet petrol and LPG

3.27 Relations between monthly consumption and imports and production amounts for premium and regular gasoline

3.28 Scatter plots and fitted linear relations for HSD and fuel oil

3.29 Scatter plots and fitted linear relations for jet petrol and LPG

3.30 Scatter plots and fitted linear relations for premium and regular

4.1 Time series, periodogram, and correlogram of HSD consumption

4.2 Time series analysis of HSD consumption, after fitting harmonic and autoregressive components

4.3 Time series analysis of fuel oil consumption, after fitting harmonic and autoregressive components
