

ACKNOWLEDGEMENTS

Acknowledgment is given to Professor Don McNeil, Macquarie University, Australia, my chief supervisor, who had helped and given me invaluable suggestions during preparation of the proposal and also throughout the completion of the thesis.

I would like to express my sincerest appreciation to Dr. Yupadee Chaisuksant, who also provided much valuable advice.

Special thanks are extended to my husband and two daughters, who offered me the opportunity to study.

Lastly, I would like to express my gratitude to all other teachers and my friends in Research Methodology for their help. Every bit counted in the completion of their thesis.
