

## **Acknowledgements**

I would like to express my gratitude and appreciation to my supervisors, Emeritus Prof. Dr. Don McNeil, Dr. Phattrawan Tongkumchum and Asst. Prof. Dr. Wanchamai Karntanut for their valuable assistance and helpful guidance on this thesis.

Also grateful thanks to Asst. Prof. Dr. Chamnein Choonpradub for inspiring me to undertake Ph.D. study, and Asst. Prof. Dr. Apiradee Lim for her encouragement and suggestions.

I am grateful to Nakin Kaeboonsong and staff of the Thale Noi non-hunting area, Ministry of Natural Resources and Environment for providing the raw data.

I am thankful to Gill Procter and Greig Rundle for assisting my English.

I would like to acknowledge the Office of the Higher Education Commission, Thailand and Graduate School, Prince of Songkla University for funding this study.

Finally, I would like to thank my family and burongtani team for their support and encouragement throughout my study.
