

APPENDIX B

INSTRUMENTS

Health beliefs Concerning Cervical Cancer and Pap Smear Test Attendance

For Researcher

Question number.....

This questionnaire consists of 4 parts;

Part 1: Demographic data form.

Part 2: Pap smear test attendance

Part 3: Health beliefs concerning cervical cancer, consists of perceived threat of cervical cancer, perceived benefit of cervical cancer, and perceived barrier of cervical cancer.

Part 1: Demographic Data Form.

Directions: Please fill in the blank or make “/” in () to indicate the factual situation.

1. Age.....years age []
2. Marital status mar[]
 - 1.() Single
 - 2.() Married
 - 3.() Widowed / Divorced / Separated
3. Education level edu[]
 - 1.() Illiterate
 - 2.() Primary school
 - 3.() Secondary school
 - 4.() Diploma certificate
 - 5.() Bachelor” s degree

4. Occupation ocu[]
1. () Agriculture
 2. () Housewife
 3. () Small business
 4. () Employee
 5. () Government officer
5. Income / month..... Baht inc[]
6. Age at first intercourse..... years fex[]
7. Age at first pregnancy.....years. fpr[]
8. Number of children..... nch[]
9. Do you have family planing? fpn[]
1. () Yes
 2. () No
10. Which contraceptive methods do you use for family planning? fpn1[]
1. () Pill
 2. () Cervical cap
 3. () Injection
 4. () Abstinence periods
 5. () Tubal ligation
 6. () Vasectomy
11. Do you have a history of reproductive organ problems?
- 12.1 Bleeding after sexual intercourse rep1[]
1. () Yes
 2. () No
- 12.2 Vaginal bleeding
1. () Yes
 2. () No
- rep2[]
- 12.3 Vaginitis, Leukorrhagia
1. () Yes
 2. () No
- rep3[]
- 12.4 Sexual transmitted diseases
1. () Yes
 2. () No
- rep4[]
12. Do you have any family members with cervical cancer?
1. () Yes
 2. () No
 3. () Not sure
- hif[]

13. Have you ever received information regarding cervical cancer and its prevention? (can answer more than 1 choice) imf[]

1. () Professional health cares team
(e.g., physican , nurse)
2. () Health care volunteers
3. () Friends
4. () Family members / relatives
5. () Media (book, newspaper, magazine
radio, leaflet, handbook, TV.)
6. () Others (please specify).....

Part 2 : Pap smear test attendance

Directions: Please fill in the blank or make “/” in () to indicate the factual situation.

1 Have you received a Pap smear test? Pap1[]

1. () Yes
2. () No (please go on to question 5)

2.How often do you received a Pap smear test? Pap2[]

1. () 6 months
2. () 1 year
3. () 2 – 3 years
4. () 4 – 5 year
5. () More than 5 years

3.What are the reasons for receiving a Pap smear test ? (can answer more than 1 choice)

1. () Routine check-up Pap3[][]
2. ()Check up after delivery [][]
3. () Mobile Pap smear service
4. () Uteritis
5. () Vaginal discharge or bleeding per vagina
6. () Having bleeding after sexual intercourse
7. () Others (please specify).....

4. Which health service do you attend for Pap smear testing? (can answer more than 1 choice)

Pap4 [] []

1. () Primary health cares center [] []
2. () HatYai Hospital
3. () Songkhla Hospital
4. () Chana Hospital
5. () Songklanagarind Hospital
6. () Private clinic
7. () Others (please specify).....

5. What are the reasons for not receiving a Pap smear test? (can answer more than 1 choice)

Pap5 [] []

1. () No sign or symptom [] []
2. () No chance of getting cervical cancer
3. () No time
4. () Financial problem
5. () Pain
6. () Did not know where to have Pap smear test done
7. () Transportation
8. () Embarrassment
9. () Others (please specify).....

Part 3: Health beliefs concerning cervical cancer: perceived threat of cervical cancer ,perceived benefit of Pap smear test, and perceived barrier of Pap smear test. This part consists of 28 items. The objective of these questions is to determine health beliefs about cervical cancer, and Pap smear testing.

Please read each question carefully and make “/” to indicate the degree to which you agree or disagree with the following statements. The ranges of agreement are; 5 = strongly agree, 4 = agree, 3 = not sure, 2 = disagree, 1 = strongly disagree.

Items	Strongly agree	Agree	Not sure	Disagree	Strongly disagree	For the researcher
<p>Perceived threat of cervical cancer</p> <p>1. Having cervical cancer would affect the relationship with her spouse</p> <p>2. Cervical cancer is a disease that makes patients suffer</p> <p>3. Women with cervical cancer can not take of care their family</p> <p>4. Having cervical cancer would affect m y work</p> <p>5. Women with cervical cancer will die early</p> <p>6. Cervical cancer is a severe and fearful disease</p>						<p>Pth1[]</p> <p>Pth2[]</p> <p>Pth3[]</p> <p>Pth4[]</p> <p>Pth5[]</p> <p>Pth6[]</p>

Items	Strongly agree	Agree	Not sure	Disagree	Strongly disagree	For the researcher
<p>Perceived threat of cervical cancer</p> <p>7. Having a husband with multiple sexual partners places me at high risk of developing cervical cancer</p> <p>8. Having a husband who underwent circumcision prevent me from getting cervical cancer</p> <p>9. As I get older, I have more chance of getting cervical</p> <p>10. Having first intercourse at a young age increases the chance of having cervical cancer</p>						<p>Pth7[]</p> <p>Pth8[]</p> <p>Pth9[]</p> <p>Pth10[]</p>

Items	Strongly agree	Agree	Not sure	Disagree	Strongly Disagree	For the researcher
11. Becoming pregnant at an early age increase the chances of having cervical cancer						Pth11[]
12. When I hear friends or relatives have cervical cancer, it make me think that I have a chance to get it						Pth12[]
13. High parity increase my chances to get cervical cancer						Pth13[]
14. I think, I have a great chance to get cervical cancer						Pth14[]

Items	Strongly agree	Agree	Not sure	Disagree	Strongly disagree	For the researcher
<p>Perceived benefits of Pap smear test</p> <p>15. Pap smear test is an effective method to detect cervical cancer</p> <p>16. Having a Pap smear test is good for me</p> <p>17. Having Pap smear test helps to detect cervical cancer at an early stage and can be promptly treated</p> <p>18. Having a regular check-up with Pap smear test can invasive cervical cancer</p>						<p>Pbe1[]</p> <p>Pbe2[]</p> <p>Pbe3[]</p> <p>Pbe4[]</p>

Items	Strongly agree	Agree	Not sure	Disagree	Strongly disagree	For the researcher
19. Having a Pap smear test lets me to know whether I have cervical cancer. Perceived barriers of Pap smear test						Pbe5[]
20. Receiving a Pap smear test would be painful						Pba1[]
21. I believe cervical cancer can not be preventt because it depend on God						Pba2[]
22. I am afraid to know the results of the test						Pba3[]
23. I am afraid to have a Pap smear test by a male doctor						Pba4[]

Items	Strongly agree	Agree	Not sure	Disagree	Strongly disagree	For the researcher
24. I feel embarrassment to have a Pap smear test						Pba5[]
25. Receiving a Pap smear test can affect my work						Pba6[]
26. I had a problem financing for a Pap smear test						Pba7[]
27. I am afraid that the place for having a Pap smear test is not private						Pba8[]
28. I have no time to have a Pap smear test						Pba9[]
