	Page
Abstract .....	(3)
Acknowledgment .....	(5)
Contents .....	(7)
List of tables .....	(11)
List of figure .....	(12)
 CHAPTER	
1. INTRODUCTION .....	1
Background and Significance of the Research Problem .....	1
Objectives of the Study .....	4
Research Questions .....	5
Theoretical Framework .....	5
Definition of Terms .....	8
Significance of the Study .....	9
2. LITERATURE REVIEW .....	11
2.1 Ethics Education .....	12
2.1.1 Importance of ethics education in nursing profession .....	12
2.1.2 Goals/objectives of ethics education .....	14
2.1.3 Types of ethics courses .....	15
2.1.4 Approaches to ethics teaching .....	19

## **CONTENTS (Continued)**

	Page
2.2 Teaching and Learning Processes .....	22
2.2.1 Teaching and learning strategies .....	23
2.2.2 Teaching methods in theory courses of ethics .....	24
2.2.3 Clinical ethics teaching strategies .....	30
2.2.4 Evaluation in ethics teaching .....	32
2.2.4.1 Evaluation in theory courses	32
2.2.4.2 Evaluation in practicum courses	35
2.2.5 Factors influencing effective teaching and learning .....	38
2.3 Ethical Decision Making .....	39
2.3.1 Definition of ethical decision making .....	38
2.3.2 Theoretical foundations for ethical decision making .....	40
2.3.2.1 Moral values .....	40
2.3.2.2 Ethical principles .....	42
2.3.2.3 Ethical concepts for nurses .....	44
2.3.2.4 Code of ethics for nurses .....	47
2.3.2.5 Patients' rights .....	50
2.3.3 Ethical decision making process .....	51
2.3.4 Ethical decision making models .....	53
3. RESEARCH METHODOLOGY .....	56
Research Design .....	56

## CONTENTS (Continued)

	Page
Settings .....	56
Populations .....	57
Sample and Sampling .....	57
Instruments .....	58
Data Collection Methods .....	63
Ethical Consideration .....	64
Data Analysis .....	65
4. RESULTS AND DISCUSSION .....	66
4.1 Results .....	66
4.1.1 Students' Characteristics and Teachers' Background .....	66
4.1.2 Ethics Course Contents .....	70
4.1.3 Teaching Learning Methods .....	72
4.1.4 Evaluation of Ethics Teaching .....	73
4.1.5 Students Participation on Ethical Decision Making .....	74
4.2 Discussion .....	79
4.2.1 Students' Characteristic and Teachers' Background.....	80
4.2.2 Ethics Teaching in D III Programs in Nursing .....	90
4.2.3 Students Participation on Ethical Decision Making .....	91
5. CONCLUSION AND RECOMMENDATION.....	101
Summary of the Study Findings .....	101

## CONTENTS (Continued)

	Page
Implications and Recommendations.....	103
References.....	106
Appendices.....	119
Appendix A: Informed Consent.....	120
Appendix B: Instruments for Nursing Students .....	121
Appendix C: Instruments for Ethics Teachers.....	124
Appendix D: Instruments for Coordinators of Ethics Course .....	126
Appendix E: Tables.....	132
Table E-1 Frequencies and percentages of ethical decision making based on the patient-centered model (n = 247).....	132
Table E-2 Frequencies and percentages of ethical decision making based on the physician-centered model (n = 247).....	133
Table E-3 Frequencies and percentages of ethical decision making based on the bureaucratic-centered model (n = 247).....	134
VITAE .....	135

## LIST OF TABLES

Table	Page
1. Mean, standard deviation, frequencies, and percentages of nursing students' characteristics (n = 247).....	67
2. Means, standard deviations, frequencies, and percentages of ethics teachers' background (n = 14).....	69
3. Frequencies and percentages of the ethics contents in theory courses and practicum courses in DIII programs (n = 5).....	71
4. Frequencies and percentages of ethics teaching methods in theory courses and practicum courses in DIII programs (n = 5).....	72
5. Frequencies and percentages of evaluation in theory courses and practicum courses in DIII programs (n = 5) .....	73
6. Means, standard deviations, and frequencies of students participation on ethical decision making in DIII programs (n = 247)	75
7. Means, standard deviations, and frequencies of ethical decision making based on the patient-centered model (n = 247).....	76
8. Means, standard deviations, and frequencies of ethical decision making based on the bureaucratic-centered model (n = 247).....	77
9. Means, standard deviations and frequencies of ethical decision making based on the physician-centered model (n = 247).....	79

## LIST OF FIGURE

Figure	Page
1. The framework to study nursing ethics education for nursing students in Diploma III programs .....	6
