

ACKNOWLEDGEMENTS

I wish to acknowledge the assistance of a number of persons in preparation of this thesis. In particular, I am very grateful to my advisers, Prof. Don McNeil and Dr. Naiyana Srichai for their guidance.

I would also like to thank Assoc. Prof. Yindee Saklertwachara and Assoc. Prof. Dr. Krongchai Hattha for examining the thesis committee, Edward McNeil, Greg Carrigan and Rebecca Oyomopito for their assistance with English writing, Lyn McNeil for providing a very comfortable and enjoyable place to stay while I completed my thesis in Australia, the Statistics Department at Macquarie University, Australia for providing the computer laboratory and office haven where I could concentrate on my thesis.

Finally, I would like to thank my parents for their support and encouragement.

Boonsanong Khumpai
