| บทคัดย่อ | (3) |
| Abstract | (4) |
| Acknowledgment | (5) |
| Contents | (6) |
| List of Tables | (7) |
| List of Figures | (8) |
| Chapter 1: Introduction | 1 |
| 1.1 Background | 1 |
| 1.2 Petroleum Products, Demand, Supply and Strategies | 2 |
| 1.3 Objectives and Benefits | 6 |
| 1.4 Review of Literature | 6 |
| Chapter 2: Methodology | 9 |
| 2.1 Study Design and Conceptual Framework | 9 |
| 2.2 Computer Programs | 10 |
| 2.3 Statistical Methods | 11 |
| Chapter 3: Preliminary Data Analysis | 20 |
| 3.1 Data Summaries of Petroleum Consumption Levels | 20 |
| 3.2 Data Summaries of Petroleum Imports and Production Levels | 30 |
| 3.3 Relation between Consumption and Imports and Production | 40 |
| Chapter 4: Time Series Analysis | 46 |
| 4.1 The Consumption Data | 46 |
| 4.2 The Imports and Production Data | 52 |
| 4.3 Summaries of Consumption and Imports and Production Data | 55 |
| Chapter 5: Conclusion and Discussion | 57 |
| 5.1 Conclusion | 57 |
| 5.2 Discussion Limitations and Future Research | 62 |
| References | 64 |
| Appendix | 66 |
| Vitae | 72 |

List of Tables

| Table | Page |
|---|------|
| 1.1 Percentage of petroleum products obtained from crude oil | 4 |
| 1.2 Production of crude oil by location in 1999 | 4 |
| 3.1 Correlation matrix for consumption | 25 |
| 3.2 Fitted linear model for petroleum consumption | 26 |
| 3.3 Results from two-way anova of petroleum consumption | 29 |
| 3.4 Correlation matrix for imports and production totals fuel type | 35 |
| 3.5 Fitted linear model for petroleum imports and production totals | 36 |
| 3.6 Results from two-way anova of petroleum imports and production totals | 39 |
| 4.1 Summaries of consumption of components | 55 |
| 4.2 Summaries of imports and production of components | 56 |

List of Figures

| Figure | Page |
|---|------|
| 1.1 Components of energy consumption in Thailand in 1999 | 1 |
| 1.2 Demand and supply of petroleum products | 5 |
| 3.1 Monthly consumption of petroleum products to Thailand, 1984-1999 | 20 |
| 3.2 Trend of monthly consumption of total petroleum products in Thailand, 1984-99 | 21 |
| 3.3 Monthly change versus level, for total petroleum consumption | 22 |
| 3.4 Monthly change versus level, for log-transformed total petroleum consumption | 22 |
| 3.5 Trend of monthly consumption of total petroleum to Thailand, 1984-1999 after transforming data by taking logarithms | 23 |
| 3.6 Histograms and statistics of base 10 logarithm of consumption of main petroleum products | 24 |
| 3.7 Scatterplot matrix showing relations between components of petroleum consumption | 24 |
| 3.8 Time-series plot of the six main petroleum products in Thailand during 1984-1999 | 25 |
| 3.9 Graph of linear model fitted to petroleum consumption: 1984-1999 | 26 |
| 3.10 Graph of linear model fitted to petroleum consumption after adjusting for the type of fuel: 1984-1999 | 27 |
| 3.11 Box plots and confidence intervals for means of the six main types of petroleum consumption over months from 1984-1999 | 28 |
| 3.12 Comparison of petroleum consumption by type, adjusted for quarter | 28 |
| 3.13 Monthly imports and production of petroleum products to Thailand, 1984-1999 | 30 |
| 3.14 Trend of monthly imports and production of total petroleum products in Thailand, 1984-1999 | 31 |
| 3.15 Monthly change versus level, for total petroleum imports and production | 32 |

| Figure | Page |
|--|------|
| 3.16 Monthly change versus level, for log-transformed total petroleum imports and production | 32 |
| 3.17 Trend of monthly imports and production of total petroleum products to Thailand, 1984-1999 after transforming data by taking logarithms | 33 |
| 3.18 Histograms and statistics of base 10 logarithm of imports and production totals of main petroleum products | 34 |
| 3.19 Scatterplot matrix showing relations between components of petroleum imports and production totals | 34 |
| 3.20 Time-series plot of the six main petroleum products in Thailand during 1984-1999 | 35 |
| 3.21 Graph of linear model fitted to petroleum supply: 1984-1999 | 36 |
| 3.22 Graph of linear model fitted to petroleum imports and production after adjusting for the type of fuel: 1984-1999 | 37 |
| 3.23 Box plots and confidence intervals for means of the six main types of petroleum imports and production over months from 1984-1999 | 38 |
| 3.24 Comparison of petroleum imports and production by type, adjusted for quarter | 38 |
| 3.25 Relations between monthly consumption and imports and production amounts for high speed diesel oil and fuel oil | 40 |
| 3.26 Relations between monthly consumption and imports and production amounts for jet petrol and LPG | 41 |
| 3.27 Relations between monthly consumption and imports and production amounts for premium and regular gasoline | 42 |
| 3.28 Scatter plots and fitted linear relations for HSD and fuel oil | 43 |
| 3.29 Scatter plots and fitted linear relations for jet petrol and LPG | 44 |
| 3.30 Scatter plots and fitted linear relations for premium and regular | 45 |
| 4.1 Time series, periodogram, and correlogram of HSD consumption | 47 |
| 4.2 Time series analysis of HSD consumption, after fitting harmonic and autoregressive components | 48 |
| 4.3 Time series analysis of fuel oil consumption, after fitting harmonic and autoregressive components | 49 |

| Figure | Page |
|---|------|
| 4.4 Time series analysis of JP consumption, after fitting harmonic and autoregressive components | 49 |
| 4.5 Time series analysis of LPG consumption, after fitting harmonic and autoregressive components | 50 |
| 4.6 Time series analysis of premium gasoline consumption, after fitting harmonic and autoregressive components | 50 |
| 4.7 Time series analysis of regular gasoline consumption, after fitting harmonic and autoregressive components | 51 |
| 4.8 Time series analysis of HSD imports and production, after fitting harmonic and autoregressive components | 52 |
| 4.9 Time series analysis of fuel oil imports and production, after fitting harmonic and autoregressive components | 53 |
| 4.10 Time series analysis of JP imports and production, after fitting harmonic and autoregressive components | 53 |
| 4.11 Time series analysis of LPG imports and production, after fitting harmonic and autoregressive components | 54 |
| 4.12 Time series analysis of premium imports and production, after fitting harmonic and autoregressive components | 54 |
| 4.13 Time series analysis of regular imports and production, after fitting harmonic and autoregressive components | 55 |
