List of Tables

Table		Page
2.1	The sample size for each faculty	13
2.2	Determinant and outcome variables for the study	13
3.1	Distributions of mean achievement	24
3.2	The statistical significance of associations	26
3.3	The p-values and coefficients of correlation between continuous determinants and academic achievement	32

List of Figures

Figure		Page
1.1	Relationships between academic achievement and several factors	9
2.1	Relationships between tables in database	15
3.1	Histograms and numerical summaries of variables	22
3.2	Histograms and numerical summaries of categorical variables	23
3.3	Box plots of academic achievement by gender	27
3.4	Box plots of academic achievement by age group	28
3.5	Box plots of academic achievement by total year of study	29
3.6	Box plots of academic achievement by BA GPA	29
3.7	Box plots of academic achievement by faculty	30
3.8	Box plots of academic achievement by BA university	31
3.9	Scatter plots of four variables	32
4.1	Full model of multiple regression analysis	34
4.2	Reduced model of multiple regression analysis, with residuals	35
4.3	Distributions of remaining predictors (with duration log-transformed)	36
4.4	Reduced model of multiple regression analysis, with residuals	37
4.5	Model with combined faculty groups and BA university	38
4.6	Model of multiple regression analysis with interaction	39
