ABSTRACT	(3)
ACKNOWLEDGEMENT	(5)
CONTENTS	(7)
LIST OF TABLES	(11)
LIST OF FIGURE	(12)
CHAPTER 1: INTRODUCTION	1
Background and Significance of the Problem	1
Objectives of the Study	5
Research Questions of the Study	5
Conceptual Framework of the Study	6
Hypotheses	14
Definition of Terms	14
Significance of the Study	15
CHAPTER 2: LITERATURE REVIEW	16
Pain in Cancer Patients	17
Definition of Pain	17
Cancer Pain	19
Factors Influencing Cancer Pain	20
Treatments of Cancer Pain	25
Measurement of Pain	26

CONTENTS (Continued)

	Page
Anxiety in Cancer Patients	28
Definition of Anxiety	28
Anxiety in Cancer Patients	29
Factor Influencing Anxiety in Cancer Patients	30
Measurement of Anxiety	33
Coping in Cancer Patients	34
Definition of Coping	34
Coping Strategies in Cancer Patients	35
Factors Influencing Coping Strategies	37
Measurement of Coping Strategies	40
Relationships Pain, Anxiety and Coping Strategies in Cancer Patients	42
Pain and Anxiety in Cancer Patients	42
Pain and Coping in Cancer Patients	44
Anxiety and Coping in Cancer Patients	45
Pain, Anxiety, and Coping in Cancer Patients	46
CHAPTER 3: RESEARCH METHODOLOGY	49
Research Design	49
Population and Setting	49
Sample	50
Instrumentation	51
Instruments	51
Validity and Reliability	55

CONTENTS (Continued)

	Page
Translation of Instruments	56
Protection of Human Rights	57
Data Collection	58
Data analysis	59
CHAPTER 4: RESULTS AND DISCUSSION	60
Results	60
Subject Characteristics	60
Pain level of cancer patients	64
Anxiety level of cancer patients	65
Coping strategies of cancer patients	66
The magnitude of relationships among pain, anxiety, and coping strategies of cancer patients	70
Additional Information: The meaning of pain and the responses to pain of cancer patients	73
Discussion	76
Subjects Characteristics	76
Pain	78
Anxiety	80
Coping Strategies	83
Relationships among Pain, Anxiety, and Coping Strategies	87

CONTENTS (Continued)

	Page
CHAPTER 5: CONCLUSION AND RECOMMENDATIONS	94
Summary of the Study Results	94
Strength and Limitations	95
Implication and Recommendations	96
REFERENCES	99
APPENDICES	117
Appendix A: Table A1-A4	118
Appendix B: Informed Consent	127
Appendix C: Instruments	129
VITAE	141

LIST OF TABLES

Table	Page
4-1 Frequency and percentage of demographics of the subjects	61
4-2 Frequency and percentage of disease-related characteristics of the subjects	63
4-3 Frequency and percentage of average pain level of the subjects	64
4-4 Frequency and percentage of worst pain of the subjects	65
4-5 Range, mean, and standard deviation of pain of the subjects	65
4-6 Frequency and percentage of state-anxiety level of the subjects	66
4-7 Frequency and percentage of trait-anxiety level of the subjects	66
4-8 Range, mean, and standard deviation of coping strategies of the subjects	67
4-9 Range, mean, and standard deviation of each subscale of coping strategies (possible score: 0-36) of the subjects	68
4-10 Frequency and percentage of coping strategies level in each subscale of the subjects	69
4-11 Frequency and percentage of coping strategies level of the subjects ...	70
4-12 The correlation coefficient among pain, anxiety, and coping strategies controlling for trait anxiety	72
4-13 The frequency and percentage of the meaning of pain of the subjects ..	73
4-14 The frequency and percentage of the responses to pain of the subjects.	75
