Chapter	
1. Introduction	1
1.1 Statement of the problem	1
1.2 Objectives of the study	4
1.3 Significance of the Study	4
1.4 Scope of the study	4
1.5 Research limitation	5
1.6 Definition of Key Terms	5
2. Related Concepts, Theory, and Literature	6
2.1 Sustainable development	7
2.2 Sustainable tourism	12
2.3 Planning for local sustainable tourism development	25
2.4 Related research	43
2.5 Tambon Cherngtalay Local Administration Organization (CTLAO)	44
2.6 Framework of study	49
3. Methodology	50
3.1 Population	50
3.2 Sample size	50
3.3 Data collection	51
3.4 Research design	52
3.5 Research instrument	52
3.6 Data analysis	54
4. Results	56
4.1 Demographic characteristics of respondents	56

4.2 The important level of community participation in planning and
management

59

CONTENTS (CONTINUED)

	Page
4.3 The important level of benefits gaining from the development plan to local community	88
4.4 Analysis of recommendations from local authorities	126
5. Conclusions, Discussions and Recommendations	137
5.1 Conclusions	137
5.2 Discussions	150
5.3 Recommendations	167
Bibliography	169
Appendices	172
A: Questionnaire for local residents (English and translation)	173
B: Questionnaire for local authorities (English and translation)	185
Vitae	189

LIST OF TABLES

Table	Page
2.1 Tourism with holistic Development	23
2.2 Benefits and Costs of Tourism	28
2.3 Pretty's typology of participation	39
2.4 Three Year budget allocation of Tambon Cherngtalay	45
2.5 Classification of budget allocation (2006-2008)	48
3.1 Calculation of sample size in each village	51
4.1 Demographic characteristics of respondent	57
4.2 The level of participation activities	60
4.3 Statistical Comparisons of "Planning" and gender of respondents	62
4.4 Statistical Comparisons of "Planning" among age groups of respondents	63
4.5 Statistical Comparisons of "Planning" between education levels of respondents	64
4.6 Statistical comparisons of "Planning" between occupations of respondents	64
4.7 Statistical comparisons of "Planning" between monthly incomes of respondents	65
4.8 Statistical Comparisons of "Decision-making" and gender of respondents	67
4.9 Statistical Comparisons of "Decision-making" among age groups of respondents	67
4.10 Statistical Comparisons of "Decision-making" between education levels of respondents	68
4.11 Statistical comparisons of "Decision-making" between occupations of respondents	68
4.12 Statistical comparisons of "Decision-making" between monthly incomes of respondents	69
4.13 Statistical Comparisons of "Problem solving" and gender of respondents	70
4.14 Statistical Comparisons of "Problem solving" among age groups of respondents	71

4.15 Statistical Comparisons of “Problem solving” between education levels of
respondents

71

LIST OF TABLES (CONTINUED)

Table	Page
4.16 Statistical comparisons of “Problem solving” between occupations of respondents	72
4.17 Statistical comparisons of “Problem solving” between monthly incomes of respondents	72
4.18 Statistical Comparisons of “Implementation” and gender of respondents	74
4.19 Statistical Comparisons of “Implementation” among age groups of respondents	76
4.20 Statistical Comparisons of “Implementation” between education levels of respondents	78
4.21 Statistical comparisons of “Implementation” between occupations of respondents	80
4.22 Statistical comparisons of “Implementation” between monthly incomes of respondents	82
4.23 Statistical Comparisons of “Evaluation” and gender of respondents	85
4.24 Statistical Comparisons of “Evaluation” among age groups of respondents	86
4.25 Statistical Comparisons of “Evaluation” between education levels of respondents	86
4.26 Statistical comparisons of “Evaluation” between occupations of respondents	87
4.27 Statistical comparisons of “Evaluation” between monthly incomes of respondents	87
4.28 The level of the benefits from the development project	89
4.29 Statistical Comparisons of “Infrastructure development strategy” and gender of respondents	92
4.30 Statistical Comparisons of “Infrastructure development strategy” between age of respondents	93
4.31 Statistical Comparisons of “Infrastructure development strategy” between education levels of respondents	94

4.32 Statistical Comparisons of “Infrastructure development strategy” between occupations of respondents	95
--	----

LIST OF TABLES (CONTINUED)

Table	Page
4.33 Statistical Comparisons of “Infrastructure development strategy” between monthly incomes of respondents	96
4.34 Statistical Comparisons of “Enhancement of quality of life, cultural and local wisdom development strategy” and gender of respondents	98
4.35 Statistical Comparisons of “Enhancement of quality of life, cultural and local wisdom development strategy” between age groups of respondents	99
4.36 Statistical Comparisons of “Enhancement of quality of life, cultural and local wisdom development strategy” between education levels of respondents	101
4.37 Statistical Comparisons of “Enhancement of quality of life, cultural and local wisdom development strategy” between occupations of respondents	102
4.38 Statistical Comparisons of “Enhancement of quality of life, cultural and local wisdom development strategy” between monthly incomes of respondents	103
4.39 Statistical Comparisons of “Education development strategy” and gender of respondents	106
4.40 Statistical Comparisons of “Education development strategy” between age groups of respondents	106
4.41 Statistical Comparisons of “Education development strategy” between education levels of respondents	107
4.42 Statistical Comparisons of “Education development strategy” between occupations of respondents	107
4.43 Statistical Comparisons of “Education development strategy” between monthly incomes of respondents	108

4.44 Statistical Comparisons of “Natural Resources and environment development strategy” and gender of respondents	109
4.45 Statistical Comparisons of “Natural Resources and environment development strategy” between age groups of respondents	110
4.46 Statistical Comparisons of “Natural Resources and environment development strategy” between education levels of respondents	111

LIST OF TABLES (CONTINUED)

Table	Page
4.47 Statistical Comparisons of “Natural Resources and environment development strategy” between occupations of respondents	111
4.48 Statistical Comparisons of “Natural Resources and environment development strategy” between monthly incomes of respondents	112
4.49 Statistical Comparisons of “Political and management development strategy” and gender of respondents	114
4.50 Statistical Comparisons of “Political and management development strategy” between age groups of respondents	114
4.51 Statistical Comparisons of “Political and management development strategy” between education levels of respondents	115
4.52 Statistical Comparisons of “Political and management development strategy” between occupations of respondents	116
4.53 Statistical Comparisons of “Political and management development strategy” between monthly incomes of respondents	117
4.54 Statistical Comparisons of “Economy and Tourism development strategy” and gender of respondents	118
4.55 Statistical Comparisons of “Economy and Tourism development strategy” between age groups of respondents	119
4.56 Statistical Comparisons of “Economy and tourism development strategy” between education levels of respondents	120
4.57 Statistical Comparisons of “Economy and tourism development strategy” between occupations of respondents	120
4.58 Statistical Comparisons of “Economy and tourism development strategy” between monthly incomes of respondents	121
4.59 Statistical Comparisons of “Information Technology development strategy” and gender of respondents	123
4.60 Statistical Comparisons of “Information Technology development strategy”	123

between age groups of respondents	
4.61 Statistical Comparisons of “Information Technology development strategy”	124
between education levels of respondents	

LIST OF TABLES (CONTINUED)

Table	Page
4.62 Statistical Comparisons of “Information Technology development strategy” between occupations of respondents	124
4.63 Statistical Comparisons of “Information Technology development strategy” between monthly incomes of respondents	125
4.64 Exhibit of local authority’s recommendations	127
4.65 Exhibit of local authority’s recommendations	128
4.66 Exhibit of local authority’s recommendations	128
4.67 Exhibit of local authority’s recommendations	129
4.68 Exhibit of local authority’s recommendations	129
4.69 Exhibit of local authority’s recommendations	130
4.70 Exhibit of local authority’s recommendations	130
4.71 Exhibit of local authority’s recommendations	131
4.72 Exhibit of local authority’s recommendations	131
4.73 Exhibit of local authority’s recommendations	132
4.74 Exhibit of local authority’s recommendations	133
4.75 Exhibit of local authority’s recommendations	133
4.76 Exhibit of local authority’s recommendations	134
4.77 Exhibit of local authority’s recommendations	135
4.78 Exhibit of local authority’s recommendations	135
4.79 Exhibit of local authority’s recommendations	136
5.1 Comparison between development and budgetary of Tambon Cherngtalay	150
5.2 Classification of budget allocation (2006-2008)	151
5.3 The recommendation of general purpose	158
5.4 Suggested indicators for CTLAO	159
5.5 Suggested indicators for CTLAO	161
5.6 Supplementary indicators of sustainable tourism	165
5.7 Indicators for sustainable tourism with holistic development	166
