 CHAPTER	
1 INTRODUCTION.....	1
Background and Significance of the Problem.....	1
Research Objectives.....	4
Research Questions.....	4
Hypothesis.....	5
Operational Definitions.....	5
Conceptual Framework.....	6
Expected Outcomes.....	8
2 LITERATURE REVIEW.....	9
Cervical Cancer and Pap Smear Test.....	9
Health Beliefs Model.....	17
Health Beliefs Concerning Cervical Cancer.....	20
Health Beliefs Concerning Cervical and Pap Smear Test Attendance.....	28

CONTENTS (Continued)

	Page
Health Beliefs among Muslim Women.....	29
3 METHODOLOGY.....	34
Population and Sample.....	34
Instrumentation.....	34
Test of Validity and Reliability.....	36
Protection of Human Subjects.....	37
Data Collection Procedure.....	37
Data Analysis	38
4 RESULTS AND DISCUSSION.....	39
Results.....	39
Discussion.....	53
5 CONCLUSIONS AND RECOMMENDATIONS.....	60
BIBLIOGRAPY.....	63
APPENDICES.....	73
Appendix A: List Of Experts	74
Appendix B: Instruments.....	75
Appendix C: Informed Consent Sheet.....	85
Appendix D: Number and percent of health belief concerning cervical cancer; perceived threat of cervical cancer, perceived benefit, and perceived barrier of Pap smear test, by each items	87

Appendix E: Studies related to Health Beliefs	
Concerning Cervical Cancer and	
Pap Smear Test Attendance.....	93
VITAE.....	109

TABLES

Tables	Pages
1. Table 1 Demographic characteristics of the samples.....	40
2. Table 2 Percent of sample by risk factors.....	42
3. Table 3 Number and percent of the sample from sources of cervical cancer information.....	44
4. Table 4 Number and percent of sample of Pap smear screening behavior.....	45
5. Table 5 Mean, standard deviation, and the level of health belief scores concerning cervical cancer.....	48
6. Table 6 Mean and standard deviation of items scores of perceived threat of cervical cancer, perceived benefit, and perceived of barrier Pap smear test attendance	49
7. Table7 Spearman ranks correlation between health beliefs concerning cervical cancer; perceived threat of cervical cancer, perceived benefit and barrier of Pap smear test scores and frequency of Pap smear test attendance.....	52

FIGURES

Figure	Pages
1. Research framework of the study.....	7
2. Health belief model.....	19
