

## CONTENTS

	PAGE
ABSTRACT.....	(3)
บทคัดย่อ.....	(5)
ACKNOWLEDGEMENTS.....	(7)
CONTENTS.....	(9)
LIST OF TABLES.....	(12)
LIST OF FIGURES.....	(14)
LIST OF ABBREVIATIONS.....	(15)
CHAPTERS	
1. INTRODUCTION	
Background and significance of the problem.....	1
Objectives of the study.....	6
Research questions.....	6
Hypotheses.....	7
Conceptual framework.....	7
Definition of terms.....	9
Expected outcomes .....	10
2. LITERATURE REVIEW	
Tuberculosis and its treatment.....	12
Directly Observed Treatment (DOT).....	19
Role perception and role performance.....	32
Concept of Role.....	32
Role Perception.....	33
	(9)

**CONTENTS (Continued)**

Role Performance..... 38

The Relationship between Role Perception and Role Performance..... 40

The Role of Family-Member DOT Observers..... 43

3. RESEARCH DESIGN AND METHODOLOGY

Population and Sample..... 52

Setting..... 54

Instruments..... 54

Test of validity and Reliability..... 58

Protection of human rights ..... 59

Data Collection..... 60

Data Analysis..... 62

4. RESULTS AND DISCUSSION

Results..... 64

Discussion..... 87

5. CONCLUSION AND RECOMMENDATIONS

Conclusion..... 103

Implications and recommendations ..... 105

Limitation of the study..... 106

BIBLIOGRAPHY..... 108

APPENDICES..... 122

Appendix A: List of experts ..... 123

**CONTENTS (Continued)**

Appendix B: Informed Consent ..... 124

Appendix C: Questionnaire for FM-DOT observer..... 125

Appendix D: Questionnaire for people with PTB.....136

Appendix E: Sub-items of FM-DOT observers'role performance as perceived  
by people with PTB.....146

VITAE..... 151

## LIST OF TABLES

TABLES	PAGE
1. Frequency and percentage of FM- DOT observer's demographic Characteristics.....	66
2. Frequency and percentage of demographic characteristics of people with pulmonary tuberculosis.....	69
3. Possible range of score, actual range of score, mean, standard deviation, and levels of role perception among FM-DOT observers.....	71
4. Actual range of score, percentage actual range of score, mean, standard deviation, and levels of role performance among FM-DOT observers.....	72
5. Frequency and percentage of FM- DOT observer's role performance in each item as perceived by FM-DOT observers.....	74
6. Frequency and percentage of the reasons for not practicing DOT activities.....	79
7. Pearson correlation coefficients between role perception scores and role performance scores of FM-DOT observers .....	82
8. Possible range of score, actual range of score, mean, standard deviation, and levels of role perception of FM-DOT observers as perceived by people with PTB.....	83
9. Actual range of score, percentage actual range of score, mean, standard deviation, and levels of role performance of FM-DOT observers as perceived by people with PTB.....	85

**LIST OF TABLES (Continued)**

TABLES	PAGE
10. Independent t-test for comparing mean differences of total and subtotal role performance scores of FM-DOT observer as perceived by FM-DOT observers and people with PTB.....	86

## LIST OF FIGURES

FIGURES	PAGE
1. Conceptual framework of the study.....	9
2. Perception process of Schermerhorn, Hunt, and Osborn.....	36
3. Perception process of Huse and Bowditch.....	37
4. Perception process of Kast and Rosenzweig.....	38
5. Development of role behavior.....	39
6. Role function system.....	41

## LIST OF ABBREVIATIONS

AFB	=	Acid Fast Bacilli
AIDS	=	Acquired Immunodeficiency Syndrome
ATS	=	American Thoracic Society
CDC	=	Center for Disease Control and Prevention
BCG	=	Bacille Calmette-Guerin
DOT	=	Directly Observed Treatment
DOTS	=	Directly Observed Treatment, Short-Course
E	=	Ethambutol
FM-DOT	=	DOT by which the DOT observer is family member
H	=	Isoniazid
HIV	=	Human Immunodeficiency Virus
MDR-TB	=	Multidrug resistant tuberculosis
MoPH	=	Ministry of Public Health
NTP	=	National Tuberculosis Control Programme
PTB	=	Pulmonary Tuberculosis
R	=	Rifampicin
S	=	Streptomycin
SA	=	Self- administration
SCC	=	Short Course Chemotherapy
TB	=	Tuberculosis

**LIST OF ABBREVIATIONS (Continued)**

US-CDC	=	The United States Centers for Disease Control and Prevention
WHO	=	World Health Organization
Z	=	Pyrazinamide
