Chapter 1 The pollination ecology of chiropterophilous canopy trees, <i>Parkia speciosa</i> Hassk. and <i>P. timoriana</i> [DC.] Merr. [Mimosaceae] in southern Thailand.	
Abstract	2
Introduction	3
Material and methods	4
Results	9
Discussion	13
References	20
Chapter 2 Fruit bat as the major pollinator of semi-wild planted durian (<i>Durio zibethinus</i> L.) in southern Thailand.	
Abstract	31
Introduction	32
Material and methods	33
Results	35
Discussion	37
References	39
Chapter 3 Diet, reproductive biology and dawn return patterns of the cave-nectar bat, <i>Eonycteris spelaea</i> Dobson (Chiroptera: Pteropodidae) in southern Thailand.	
Abstract	42
Introduction	43
Material and methods	44
Results	47
Discussion	53
References	58
