

Acknowledgments

Acknowledgment is given to Professor Don McNeil, Macquarie University, Australia and Associate Professor Yindee Saklertwachara, who helped and gave suggestions in my thesis. I would like to thank Assistance Professor Dr. Ampha Boonchaoy, and Associate Professor Pranee Thongkum for examining the thesis and Mrs. Panjai Yongjermjun and Mr. Somporn Nuchpon for their assistance with English writing. I would like to express my thanks to all the teachers and staff of the Department of Applied Mathematics and Computing, Science and Technology Faculty of Prince of Songkla University for giving me helpful advice, the Graduate Prince of Songkla University Pattani Campus Scholarship Award for their financial support for this thesis. A note of appreciation is also acknowledged to my friends for helped throughout the entire study.

Especially, I would like to thank my wife and my daughter for their love, encouragement and understanding throughout this study, and also to thank my mother, my father-in-law, and my mother-in-law for support and encouragement.

Somchai Rattanakoch
